

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID:

AEPP53418

Name:

FRIENDS OF FINGER LAKES INC.: Finger Lake Stewardship Program - AIS

Type:

Aquatic Invasives Grant

Subtype:

Aquatic Invasives Education

Status:

COMPLETE

Start Date:

2/15/2018

End Date:

6/30/2019

Purpose:

The Friends of Finger Lake Association is sponsoring an Aquatic Invasive Species Education, Prevention & Planning grant to study Finger Lake, in Vilas County. The project will focus on AIS monitoring, lake education and developing a Lake Management Plan (LMP).

Project activities include: 1) AIS training and monitoring; 2) Lake education floating workshop; 3) Develop LMP.

Project deliverables include: 1) AIS data and mapping; 2) LMP.

Specific conditions for this project: Draft of LMP needs Dept review and approval.

WDNR Lakes Management Coordinator will be provided with an electronic (pdf or word) copy of LMP and all data, maps and GIS from the project.

Objective:

Comments:

Grantee is FRIENDS OF FINGER LAKES INC.

Outcome:

Study Design:

Finger Lake Stewardship Program: Finger Lake Aquatic Plant Management Plan	The Finger Lake Stewardship Program results from the efforts of The Friends of Finger Lake Association, Inc. (FOFL). The Finger Lake Stewardship Program views stewardship of the lake as an ongoing endeavor that is integrated, coordinated, and administered by the FOFL. This perspective reflects the appropriate range of geographic scales from which to approach lake stewardship: a lake specific focus that goes hand-in-hand with waterscape-wide awareness. Although this aquatic plant management plan (APMP) addresses Finger Lake in Vilas County, Wisconsin, it maintains the waterscape perspective crucial to effective lake stewardship. This is especially important when it comes to addressing of aquatic invasive species (AIS).	Dean Premo, Angie Stine, and Kent Premo, White Water Associates, Inc	5/1/2019
