## **General Project Information**

Project ID:	LPL165618							
Name:	FOX WOLF WATERSHED ALLIANCE: Winnebago Lakes Comprehensive Planning, Winneconne Phase 4							
Туре:	Lakes Grant							
Subtype:	Large Scale Lake Planning							
Status:	COMPLETE							
Start Date:	2/15/2018							
End Date:	6/30/2020							
Purpose:	The Fox \2013 Wolf Watershed Alliance is sponsoring a project to develop a Comprehensive Lake Management Plan (LMP) for Lake Winneconne. Specific project activities / deliverables include: 1) Develop & implement multiple communication strategies; 2) improve project awareness through community engagement events, 3) Improve information and education outreach through activities / presentations designed to meet specific stakeholder needs, 4) create & engage focus groups to prioritize management recommendations, 5) conduct citizen survey of 1,000 shoreline property owners, conduct aquatic plant PI survey of entire lake system, 6) identify & prioritize a list of habitat improvement projects, 7) complete comprehensive management / APM / AIS Strategic plan and obtain DNR approval and 8) conduct Plan Adoption Outreach, Engagement, and Communication activities to ensure LMP implementation. Special Conditions: 1) All data shall be entered into the SWIMS database; 2) Draft sociological/user surveys and shoreline assessments must be reviewed and approved by the Department before being initiated This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Biologist. Final reports: it is recommended that Grantee provide DNR Lake Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to submission of grantee's final payment request.
