

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: AEPP-095-08

Name: CALUMET COUNTY: Calumet County AIS Control Project

Type: Aquatic Invasives Grant

Subtype: Aquatic Invasives Education

Status: COMPLETE

Start Date: 10/1/2007

End Date: 12/31/2009

Purpose: The Calumet County Planning Department proposes to conduct an aquatic invasive species (AIS) education, prevention, planning and control project during the period of October 2007 - December 2009. The project elements and deliverables are specified in the Calumet County Planning Department's Aquatic Invasive Species Control Grant application, dated July 31, 2007. The project includes hiring an AIS coordinator; develop a county wide plan; implementation of the aquatic invasive species control plans; county wide database of AIS locations; countywide database of volunteers; website identifying participation events for the public along with information about the species identified in Calumet County; field days for volunteers or organizations involving hands-on identification and control work; clean boats clean waters programs; annual education and training opportunity for local road crews; annual education and training opportunity for county highway crews; hands on identification and training opportunities for adopt-a-highway volunteers; distribution of brochures about invasive species in county (if publications are created they must have the "stop aquatic hitch hikers" logo). A mid-term progress report and a final report summarizing the two-year project will be provided to DNR.

The grantee will provide the DNR Aquatic Invasive Species Coordinator with a draft of the final report for comment on report adequacy prior to requesting final reimbursement. DNR to receive both paper and electronic .pdf copies of the final report along with, or prior to, submission of grantee's final payment request.

Objective:

Comments: Grantee is CALUMET COUNTY
