

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: SCR_01_CMP09

Name: Door Creek (802800) and Blackhawk Creek (797000) 303(d) evaluation

Type: TMDL/303d Projects

Subtype: Identify Impaired Waters

Status: FINAL_RPT

Start Date: 7/1/2008

End Date: 6/30/2009

Purpose: Conduct an assessment of these waters using biological indicators to determine whether the streams are meeting their natural attainable use. Fish IBI and macroinvertebrate IBI/HBI data will be collected from several sites on each stream. Region staff will collect samples during the sampling season in the calendar year 2008.

Objective: Refinement of the 303(d) list - potential to list waters not meeting their attainable use. These waters have been identified by historic data as candidates to be considered as impaired. Monitoring will address the question as to whether these waterbodies are meeting their attainable use. If not, they will be added to the state's list of impaired waters.

Comments: Project Category 2: 303(d) Impaired Waters List
Needs methods

Outcome: Door Creek - 6 sites
Blackhawk Creek - 6 sites

There will be 2 site visits per site. A fish survey will be conducted at each site on Door Creek and Blackhawk Creek. Macroinvertebrates will be collected from each site in the fall of 2008.

Sample collection to be completed in fall, 2008.

All data will be entered into the appropriate database (FH or SWIMS). Fish and habitata data by December, 2007. Macroinvertebrate sampling as soon as possible.

Final report will be completed by December, 2009.

Project Statuses

Date	Reported By	Status	Comments
3/20/2008	JAMES AMRHEIN	Complete	Fieldwork was collected. No report attached.
8/10/2012	MICHAEL SORGE	Progress: 75-100% Complete	Data all collected. Fish surveys are complete, macroinvertebrates are back from UWSP. Data shared with Rock County LCD in meeting format. Further sampling may continue on a case by case basis in future. This sampling triggered the CBSM project (2011-12) with Rock County and Anne Miller to look at nutrient collection.

Wisconsin Department of Natural Resources
SWIMS Project Summary

12/2/2014	MICHAEL SORGE	Progress: 75-100% Complete	Have to redo report, draft was stolen with laptop in 2013.
