Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RM-043-10

Name: HARRY & LAURA NOHR CHAPTER OF TROUT UNLIMITE: Blue River Project 2009

Type: River Grant

Subtype: River Protection Grant

Status: COMPLETE

Start Date: 7/1/2009 **End Date:** 12/31/2010

Purpose: The Harry and Laura Nohr Chapter of Trout Unlimited will conduct a restoration project on the Blue River, a Class II Trout

stream, and an Exceptional Water Resource in Iowa and Grant counties. This instream habitat restoration project will reduce erosion and siltation and provide more cover and habitat for brown trout. Along with a final report, specific project methods and deliverables include: 1)tapering eroding banks; 2)creating weirs to narrow the flow and create holes; 3)use of root wads to create structure; 4)build and install bank hides/cribs/lunker structures in critical points; increase and improve gravel riffle area;

and 5)seed and mulch disturbed soil with grass mixes.

Special condition: The Sponsor agrees to abide by the ""Conditions of Approval"" contained in the Chapter 30 Regulated

Activities approval issued by the Department of Natural Resources signed on 6/3/09.

Objective:

Comments: Grantee is HARRY & LAURA NOHR CHAPTER OF TROUT UNLIMITE
