

Wisconsin Department of Natural Resources
SWIMS Project Summary

General Project Information

Project ID: RP-216-12

Name: UPPER SUGAR RIVER WATERSHED ASSOCIATION: Lower Sugar River Watershed Assoc. Capacity Building

Type: River Grant

Subtype: River Planning Grant

Status: COMPLETE

Start Date: 7/1/2011

End Date: 6/30/2013

Purpose: The USRWA will participate in the River Planning Grant program by establishing a Lower Sugar River Watershed organization. Project deliverables include the following: 1.) Organize and develop the governance structure of LWRWA, including forming a 401c3 organization 2.) Collect, organize and develop open web access to existing resource data, 3.) Develop a Citizen Science-based network and education program and deploy a series of \201CAcquainting with Your Watershed\201D events to engage volunteers, 4.) Collect, assimilate, prepare and present online the collected data, 5.) Design an online \201Clive map\201D to allow participants to post and share observations in the LSRWA area, 6.) Further develop the \201Clive map\201D to allow for sharing of a variety of annual events and observations, 7.) Create an adaptable, expandable engagement strategy around a comprehensive program to engage, educate, and inspire people in the LSRW area.

Objective:

Comments: Grantee is UPPER SUGAR RIVER WATERSHED ASSOCIATION

Wisconsin Department of Natural Resources SWIMS Project Summary

Action	Detailed Description	Start Date	End Date	Status
Develop/Distribute Brochures/Literature	The USRWA will participate in the River Planning Grant program by establishing a Lower Sugar River Watershed organization. Project deliverables include the following: 1.) Organize and develop the governance structure of LWRWA, including forming a 401c3 organization 2.) Collect, organize and develop open web access to existing resource data, 3.) Develop a Citizen Science-based network and education program and deploy a series of "Acquainting with Your Watershed" events to engage volunteers, 4.) Collect, assimilate, prepare and present online the collected data, 5.) Design an online "live map" to allow participants to post and share observations in the LSRWA area, 6.) Further develop the "live map" to allow for sharing of a variety of annual events and observations, 7.) Create an adaptable, expandable engagement strategy around a comprehensive program to engage, educate, and inspire people in the LSRW area.	7/1/2011	6/30/2013	COMPLETE
Rivers Planning Grant	The USRWA will participate in the River Planning Grant program by establishing a Lower Sugar River Watershed organization. Project deliverables include the following: 1.) Organize and develop the governance structure of LWRWA, including forming a 401c3 organization 2.) Collect, organize and develop open web access to existing resource data, 3.) Develop a Citizen Science-based network and education program and deploy a series of "Acquainting with Your Watershed" events to engage volunteers, 4.) Collect, assimilate, prepare and present online the collected data, 5.) Design an online "live map" to allow participants to post and share observations in the LSRWA area, 6.) Further develop the "live map" to allow for sharing of a variety of annual events and observations, 7.) Create an adaptable, expandable engagement strategy around a comprehensive program to engage, educate, and inspire people in the LSRW area.	7/1/2011	6/30/2013	COMPLETE
