List each aquatic invasive species observed, estimate the area and density of population, or indicate in the check box if none were observed.

Indicate whether you a collected a sample and/or took a picture.

| Species | Estimated area (m <sup>2</sup> ) | Density* | Sample Collected? | Picture taken? | Comments |
|---------|----------------------------------|----------|-------------------|----------------|----------|
|         |                                  |          | Y                 | N              |          |

\*Density Ratings 1: A few individuals (1-25) 2: Many small, scattered populations (25 – 500) 3: Dense population (> 500)

No target species were observed

Other Observations/Notes:

*-very mucky + sandy*  
*-high water*
