## RE: NR151 Compliance Achieved for Ciolkosz Dairy Project Funded Targeted Runoff Management Grant TRC-LC17-10000-15B

Mr. and Mrs. Ciolkosz:

This letter is to acknowledge that you have successfully implemented soil and water conservation best management practices according to cost-share agreement #2015-01-TRM. This cost-share agreement was funded by a Targeted Runoff Management Grant (TRC-LC17-10000-15B) provided by the Department of Natural Resources (DNR). A copy of the cost-share agreement is included in this mailing. By installing the practices listed on this cost share agreement your farm has now achieved compliance with the following NR151 agricultural performance standards and prohibitions described in the table below. The Clark County Land Conservation Department has additional information on file that identifies the exact locations of the livestock facility and croplands where compliance has been achieved, including all of the land that is required to be in your annual nutrient management plan submittal to the Clark County Land Conservation Department.

Name and Citation of Performance Standard and Prohibition	Identification of Parcel Where Compliance Was Achieved
NR 151.02 Sheet, rill and wind erosion	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.04 Phosphorus index	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.05(2) New manure storage construction	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.055 Process Wastewater Handling	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.06 Clean water diversion	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.07 Nutrient management	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.08(2) No manure storage overflow	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County
NR 151.08(4) No direct runoff	SE1/4, NE1/4 Sec. 9, T29N, R4W, Clark County

In accordance with Ch. NR 151, Wis. Adm. Code, any cropland or livestock facility that is brought into compliance with Wisconsin's agricultural performance standards and/or prohibitions must remain in compliance regardless of whether cost-sharing is provided to the current landowner or a different owner/operator in the future. Since the above parcel and other parcels in your farm's ownership have been determined to be in compliance with the NR151 agricultural performance standards and prohibitions listed above, it is important that you and any future landowners and/or operators maintain compliance with them.

The Land Conservation Committee would like to commend you for your concern about the environment and thank you for your efforts to preserve clean and abundant soil and water for current and future generations. The Land Conservation Department would like to thank you for your complete cooperation throughout the entire project. It has been a pleasure working with you.

If you have any further questions, please contact me at 715-743-5102.

Thank you for your cooperation.

Sincerely:

Matt Zoschke, CCA  
County Conservationist, Clark County Land Conservation Department

## Final Report Form 3400-189 (rev. 7/30/09)

- Targeted Runoff Management Grant Program (ch. NR 153)
- Notice of Discharge Program (ch. NR 153)
- Urban Nonpoint Source & Storm Water Management Grant Program (ch. NR 155)

**NOTICE:** This Final Report is authorized under ss. 281.65 and 281.66., Wis. Stats., and chs. NR 153 and NR 155, Wis. Admin. Code. Personally identified information collected will be used for program administration and may be made available to requesters as required under Wisconsin Open Records Law [ss. 19.31-19.39, Wis. Stats.].

**INSTRUCTIONS:** Your grant agreement requires you to submit a Final Report with your final reimbursement request. This Final Report form must be used in conjunction with the "FINAL REPORT INSTRUCTIONS." The instructions detail how to complete and submit the report to DNR as described in the instructions.

### 1. GRANT TYPE. Check the one that applies.

### 2. PROJECT NAME & LOCATION.

2.1. Project Name: <b>Ciolkosz Dairy Project</b>	2.2. Grant Number: <b>TRC-LC17-10000-15B</b>	
2.3. Governmental Unit Name: <b>Clark County Land Conservation Department</b>	2.4. Primary Watershed Name: <b>North Fork Eau Claire River</b>	2.5. Watershed Code: <b>LC17</b>

#### NOTE FOR SECTION 2.6 (which follows):

Section 2.6. includes five (5) columns (A. through E.) for recording data about five (5) discrete site locations. If your grant has more than five (5) discrete project locations, attach additional columns for Section 2.6 as described in the instructions. If your project occurs in more than one 12-digit Hydrologic Unit Code (HUC), use the space in adjacent columns to record other HUC numbers.

2.6 Site Location(s) →	A.	B.	C.	D.	E.
Name of Cost-Share Recipient or Governmental Unit	<b>William and Bridget Ciolkosz</b>				
Cost-Share Agreement Number (Agricultural only)	<b>2015-01TRM</b>				
12-Digit Hydrologic Unit Code(s) (HUC) Where Work Was Completed	<b>070500060105</b>				
Nearest Surface Receiving Water Affected					
Name:	<b>Wolf River</b>				
Waterbody Identification Code(s) (WBIC):	<b>2146000</b>				
Nearest Impaired Water Affected					
Name:	<b>Wolf River</b>				
Waterbody Identification Code(s) (WBIC):	<b>2146000</b>				
Pollutants Reduced	<b>Phosphorous, Nitrogen, Sediment</b>				
Impairments/Impacts Addressed	<b>Nutrients, Sediment, Bacteria</b>

## 3. SUMMARY OF RESULTS.

Table A. Agricultural Projects. – Ch. NR 151 Performance Standards and Prohibitions and Other Water Resources Management Priorities

A.1. Management Measures	Units of Measure	Quantity	Measurement Method Used
Sheet, rill and wind erosion	Acres meeting "T"	564.7 acres	Snap+
Manure Storage Facilities: New Construction/Alterations	Number of facilities	1 facilities	count
	Number of animal units	178.75 animal units	count
Manure Storage Facilities: Closure	Number of facilities	0 facilities	count
Manure Storage Facilities: Failing/Leaking Facilities	Number of facilities	0 facilities	count
	Number of animal units	0 animal units	count
Clean Water Diversions in WQMA	Pollutant load reduction	49.1 lbs.	BARNY
	Number of farms with diversions	1 farms	count
	Number animal units	178 animal units	count
Nutrient Management on Agricultural Land	Acres planned	564.7 acres	count
Prohibition: Manure Storage Overflow	Number of farms	0 farms	count
	Number of animal units	0 animal units	count
Prohibition: Unconfined Manure Pile in WQMA	Number of farms	0 farms	count
Prohibition: Direct Runoff From Feedlot/Stored Manure	Pollutant load reduction	49.1 lbs.	BARNY
	Number of facilities	1 facilities	count
	Number of animal units	178.75 animal units	count
Prohibition: Unlimited Livestock Access	Feet of bank protected	0 feet	count
	Number of farms	0 farms	count

## 4. Satisfaction of Notice Requirements. If cost sharing for this project was offered under a formal notice pursuant to chs. NR 151 or 243, provide information for each notice in the table below:

Notice Information				Notice Satisfaction Information		
Chs. NR 151 or 243 Notice Type	Issue Date	From (Name)	To (Name)	Satisfied?		Date Letter Sent
				Yes	No	
NR151	04/04/2014	Clark County Land Conservation Department	William and Bridget Ciolkosz	<input checked="" type="checkbox"/>	<input type="checkbox"/>	11/15/15
				<input type="checkbox"/>	<input type="checkbox"/>	
				<input type="checkbox"/>	<input type="checkbox"/>	
				<input type="checkbox"/>	<input type="checkbox"/>	

**Final Report Form 3400-189** (rev. 7/30/09)

- Targeted Runoff Management Grant Program (ch. NR 153)
- Notice of Discharge Program (ch. NR 153)
- Urban Nonpoint Source & Storm Water Management Grant Program (ch. NR 155)

**5. Additional Information.** (Space will expand to fit your text.)

Clark County's cost-containment policy proved to be an effective means to bid the project out and therefore received the lowest bid on the project from the most qualified contractor. The project was completed before the scheduled timeframe.

**6. Summary of Project Challenges.** (Space will expand to fit your text.)

The project went smoothly from start to finish. DNR staff provided helpful assistance during the grant application process.

**7. Grantee Certification.**

Checking here ☒ certifies that, to the best of your knowledge, the information contained in this report is correct.

Name of Authorized Representative (type or print) ↓

Matt Zoschke

Title of Authorized Representative (type or print) ↓

County Conservationist

Signature of Authorized Representative

*Matt Zoschke*

Date

11/15/15

**8. For Departmental Use Only.**

Regional NPS Coordinator – Please complete the following:

8.A. Check here ☐ if you have received the following from the project sponsor:

- one (1) printed, signed, original Final Report + attachments
- one (1) electronic version of Final Report.

Send the printed, signed original Final Report with attachments + electronic version to the Community Financial Assistance Grants Manager. Community Financial Assistance will forward to Runoff Management Section Grants Coordinator.

8.B. Comments about this project: *Project entails a number of BMPs which improve water quality - though only P reduction of 49.1 lbs/yr. is documentable via modeling (BARNY). Installation of a manure storage facility will eliminate the need for winter manure applications, milkhouse waste will be collected and transferred to storage. Clean water diversion will eliminate clean water contact with contaminants within the production area.*
