Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 2 of 19

**B. Project Summary and Description. Use this space for the project summary and description, not an attachment.**

Mention every activity being proposed in Part II; Question 1.

The Village of DeForest received a Urban Non-point Source and Storm Water Planning Grant in 2004 No. USP-LR10-13038-05. A storm water master plan was completed in March of 2007. As part of the storm water master plan a storm water utility was created and implemented. Since that time the Village has completed a number of the projects that were previously identified in the plan. The Village would like to update the 2007 storm water master plan to:

- Include current Village Limits, new legislation, and available Best Management Practices (BMP's).
- Include an updated Geographic Information System Map(GIS); Include inventory of Village maintained & owned BMPs and track inspection and maintenance activities within GIS
- Fieldwork to identify potential sites for new BMP's and/or existing
- Keep a record of all permit holders & Inspections within GIS
- Updated WinSLAMM Model to Version 10.1 from Version 9 to gain a more accurate model
- Evaluation of potential storm water management projects to meet the Rock River TMDL goals
- Evaluation of current BMP practices and enhancements
- Update general feasibility analysis for alternative funding sources
- Provide updates to water resources-related ordinance (ie: C, Chapter 24 - Erosion Control and Storm Water Management, Proposed Wellhead Protection)
- Provide pollutant load reduction estimates to help further the goals of the Rock River TMDL
- Preparation, education, and enforcement of an illicit discharge detection plan. This includes a widespread public involvement with the community and fellow staff members on identifying and preventing illicit discharges.
- Develop a storm water utility credit policy

**C. Watershed, Waterbody and Pollutants** (see Attachment A and <http://dnrmaps.wi.gov/SL/?Viewer=SWDV>).

Note: Planning areas may encompass several square miles and may affect multiple watersheds.

Watershed Name	Watershed Code	12-digit Hydrologic Unit Code (HUC)	% of Project Area	Nearest Waterbody Name
Yahara River & Lake Mendota	LR09	070900020504	100	Yahara River

Nonpoint Source Pollutant(s) Controlled by the Project

- Nutrients     Sediment     Other, specify:

**Part I. Screening Requirements**

**A. Maps and Photographs**

Yes

- An 8.5" x 11" map from the DNR data/map viewers, showing the project area, is attached (link to <http://dnrmaps.wi.gov/SL/?Viewer=SWDV>).
- Aerial photo maps and project area photos are also included.

**B. Filters** Note: The applicant must be able to check "Yes" to questions 1 through 8 below to be eligible for a grant. Check "Yes" to question 9, if applicable.

Yes

- 1. Project is in an area that is urban or will be urban within 20 years (see Attachment B).
- 2. Project will be completed within 24 months of the start of the grant period.
- 3. Staff and consultants designated to work on this project have adequate training, knowledge, and experience to implement the proposed project.
- 4. Staff or contractual services, in addition to those funded by this grant, will be provided if needed.

- 5. Planning products prepared under this grant will not work at cross-purposes to (are consistent with) the non-agricultural performance standards under ch. NR 151 (see [Attachment D](#)).
- 6. The local DNR District Nonpoint Source Coordinator has been contacted and the project was discussed. See contacts at: <http://dnr.wi.gov/topic/nonpoint/NPScontacts.html>.

Name of the District Nonpoint Source Coordinator Contacted	Date Contacted	Subject of Contact
Michael Gilbertson -(608) 275-3288	02/27/2015	Village of DeForest Application / Qualifications
Lynn Talbot - (608) 264-6261	03/17/2015	Village of DeForest Application / Qualifications
Michael Gilbertson -(608) 275-3288	03/31/2015	Village of DeForest Application / Qualifications

- 7. The applicant can declare that **one** of the two statements below is TRUE.
  - a. Statement A: The grant application is for a local governmental unit that has jurisdiction over the project area. (Jurisdiction over the project area means that the governmental unit has control over whether the planning recommendations are carried out.)
  - b. Statement B: The applicant does not have jurisdiction over the project area; however conditions "i" and "ii" or "i" and "iii" are met
    - i. The applicant is required to obtain a permit under subchapter I. of ch. NR 216; **and**
    - ii. In addition, Inter-Governmental Agreements (IGAs) are in place,
    - iii. **or**, will be put in place prior to the commencement of the grant period, to assure urban best management practices included on the grant are installed and maintained (see [Attachment G](#)).
- 8. The applicant can declare that **one** of the two statements below is TRUE.
  - a. Statement A: The applicant is not the University of Wisconsin Board of Regents.
  - b. Statement B: The applicant is the University of Wisconsin Board of Regents **and** the project will develop recommendations for a UW Campus area located in a municipality that meets **both** of the following criteria:
    - i. The municipality is required to obtain a municipal storm water permit under ch. NR 216 **and**
    - ii. The municipality is located either in a priority watershed or lake area identified under s. 281.65, Wis. Stats., or in an area of concern as identified by the International Joint Commission under the Great Lakes Water Quality Agreement.
- 9. This application is a joint application among local units of government, and
  - If yes, the required Inter-Governmental Agreement (maybe a DRAFT) is attached (see [Attachment G](#)).

If the applicant answered "No" to any of the items in 1-8, above, stop here. This project is ineligible.

**Part II. Competitive Elements**

**Question 1. Project Activities and Extent of Pollutant Control**

A project can consist of one or more of the following planning activity categories (A through F). For each category below, check the boxes that describe the work products which will be produced under this grant. Do not check boxes based on prior work.

**A. Ordinance Preparation**

Develop Update The project is to develop or update one or more of the following ordinances (must be the applying Governmental New Existing Unit's ordinances), including associated information, education and public participation activities. Check all that apply.

- 1. Construction erosion control ordinance including all the requirements of s. NR 151.11.
- 2. Storm water ordinance for new development and re-development including all the requirements of ss. NR 151.12, NR 151.121-128, and NR 151.241-249. (See NR 151 at: [http://docs.legis.wi.gov/code/admin\\_code/nr/100/151.pdf#page=1](http://docs.legis.wi.gov/code/admin_code/nr/100/151.pdf#page=1).)
- 3. Low impact development/conservation subdivision ordinances.

Project Name:

Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 4 of 19

4. Other ordinances such as an illicit discharge ordinance, storm water ordinances affecting runoff from developed urban areas (e.g., pet waste management ordinances, nutrient management ordinances), or ordinances that regulate the application of fertilizers to non-municipal properties in accordance with s. NR 151.14.

**B. Financing Mechanisms**

Develop Update The project will evaluate financing mechanisms for storm water management, including associated information, education and public participation activities. Recommendations will be presented to the governing board for approval and DNR will be notified of the governing board's action. Check **one** of the following:

1. The project develops a dedicated revenue source, such as a storm water utility, to implement a storm water program focusing on implementation of performance standards in Subchapter III of ch. NR 151.  
**OR**  
  2. The project is a general feasibility analysis of alternative funding mechanisms

**C. Storm Water Plan for Developed Urban Areas (includes redevelopment)**

Develop Update The project is to develop or update a storm water management plan for developed urban areas, including redevelopment, which addresses all applicable performance standards under NR 151 including associated information, education and public participation activities. Check **one** of the following:

1. This project will cover the entire geographic area of the governmental unit.  
**OR**  
  2. This project will cover only part of the geographic area of the governmental unit.

**D. Storm Water Plan for New Development**

Develop Update The project will develop or update a storm water management plan for new development that addresses all of the performance standards under ss. NR 151.12, NR 151.121-128, and NR 151.241-249, including associated information, education and public participation activities. Check **one** of the following:

1. This project will cover the entire geographic area of the governmental unit.  
**OR**  
  2. This project will cover only part of the geographic area of the governmental unit.

**E. Comprehensive Storm Water Information and Education Program**

- Check this box if the project will develop and/or implement a comprehensive storm water information and education program. *Note: This category may not be checked if any boxes in categories A through D, above, have been checked. Information and education activities are expected to be included as necessary components of projects under categories A through D.*

**F. Inter-Municipal and Watershed-based Cooperation (bonus)**

- Check this box if this project is being conducted as part of an inter-governmental storm water management strategy for a common water resource. This also includes entering into a Watershed-based Storm Water Management Permit with other municipalities.  
*Note: If more than one local unit of government is joining in this project application (a "joint application"), then an Inter-Governmental Agreement (IGA) meeting the requirements of Attachment G must be submitted with this application.*

Provide a description of the inter-governmental effort that will be used to complete the project.

Project Name:

Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 5 of 19

**Question 2. Fiscal Accountability**

**A. Timeline and Source of Staff**  
For each applicable milestone listed below, fill in the appropriate data.

Milestone	Target Completion Date (month/year)	Source(s) of Staff
<b>Basic Milestones</b>		
Prepare preliminary scope of services and discuss with DNR NPS Coordinator	03/2015	Municipal Staff and Consultant
Prepare Request for Proposal	01/2016	Municipal Staff and Consultant
Select Consultant	01/2016	Municipal Staff and Consultant
Finalize Scope of Service and Professional Services Contract	02/2016	Municipal Staff and Consultant
Get DNR approval of Professional Services Contract	02/2016	Municipal Staff, Consultant and DNR
Hold "kick-off" meeting	03/2016	Municipal Staff and Consultant
Interim meeting with DNR	12/2016	Municipal Staff, Consultant and DNR
Presentation to Municipal Council	06/2017	Municipal Staff and Consultant
Submit project and final report to DNR	08/2017	Municipal Staff and Consultant
<b>Additional Milestones</b> (list below)		
Update Geographic Information Systems Map	05/2017	Municipal Staff and Consultant
Update WinSLAMM Modeling	05/2017	Municipal Staff and Consultant

**B. Adequate Financial Budget**  
Provide detailed budget information for every proposed project activity in Question 1. and supporting activities for which DNR funding is requested. Please note: the state share may not exceed 70% of eligible costs. The grant amount is capped at \$85,000 for the eligible planning activities.

**B.1. Financial Budget Table - Planning Activities**

A	B	C
Project Activity for Which DNR Funding is Requested Use this space, not an attachment.	Estimated Total Cost (\$)	Amount from Column B Eligible for DNR Cost Sharing (\$)
Update 2007 Storm Water Management Plan	15,000	15,000
Update Sediment & Nutrient Model - WinSLAMM Version 9 to WinSLAMM Version 10.1	20,000	20,000
Update Storm Water System Mapping (Field Surveys & GIS Map and System Updates)	30,000	30,000
Revise Ordinance for Storm Water Management	2,500	2,500
Revise Ordinance for Erosion Control	1,000	1,000

Project Name:  
 Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 6 of 19

Revise Ordinance for Illicit Discharge Detection/Control	2,000	2,000
Update Inspection & Maintenance Policy	2,000	2,000
TMDL Planning Including Coordination and Evaluation of Practices to meet TMDL Requirements	2,000	2,000
Provide 2 Years of Tracking, Modeling and Mapping Updates - Provide Information to the WDNR	5,000	
<b>1. Total</b>	<b>79,500</b>	<b>74,500</b>

**B.1. (continued) Cost Sharing Worksheet**

**Eligible Costs:**

2. 70% of Column C Total Row 1 above	\$	52,150
<b>Cap Test:</b>		
3. Maximum State Share Row 2 or \$85,000, whichever is less	\$	52,150
<b>State and Local Share:</b>		
4. Requested State Share Amount (Enter Requested Grant Amount)		52,150
5. Local Share Amount (Total of Row 1 Column B less Row 4)	\$	27,350

**B.2. Use of Additional Funding**

- Check this box if both of the following conditions are met.
- The requested state share amount in row 4 is less than the \$85,000 grant cap.
  - The requested state share amount in row 4 is below the maximum state-share in row 3. (The resulting cost-share rate is less than 70%.)

**B.3. Cost Estimate Quality** Describe the quality of cost estimates including whether the cost estimate is based on a competitive bid, scope of services, similar projects conducted locally, similar projects conducted elsewhere in the state or region, or other more generalized data. Provide documentation.

The cost estimates for the individual activities listed in this application were prepared by Vierbicher Associates, Inc. and Village Staff. A detailed scope of work and staff assignments and billing rates were applied to each activity. Additional details of the project scope schedule and fee are included at the end of this application.

Identify the source of the local share:

The local share of \$27,350 has been set aside in Village Budgets to be spent for storm water grant -related activities. This submittal has been recommended by the public works Committee, approved by the Village Board, and has substantial local support.

**Question 3. Project Evaluation Strategy**

Information that will be developed and presented to DNR to evaluate the environmental benefits of completing this project. Check all that apply.

- A. Information that quantifies how project implementation is projected to decrease storm water impacts on state waters will be provided to the DNR. The information may be provided as part of the planning product (e.g., storm water plan, I&E plan) or in the Final Report.
- B. Information that tracks progress in carrying out recommendations of this project will be provided to the Department for one or two years after the project is completed. Specify if it is going to be one or two years that tracking information will be provided and describe how this annual post-project tracking process will work:  
 Through updated mapping project recommendations will be tracked and updated within GIS and updated within the sediment loading models (WinSLAMM 10.1). The updates will be provided to the Department for two years after the project has been completed.

**Question 4. Water Quality Needs**

The project must be consistent with at least one of the following seven watershed priorities. For each watershed in the project area, identify the category that best identifies the project goals. If more than one category is checked (because the project area contains more than one watershed), estimate the portion of the project area to be assigned to each category.

Note: For border waters where a State of the Basin Report does not exist, another governmental document acceptable to the District NPS Coordinator may be used to identify the water quality need.

	Percent of Project Area (Total should equal 100%)	Surface Water Considerations
<input type="checkbox"/>	<div style="border: 1px solid black; width: 80px; height: 40px;"></div>	<p><b>A. Clean Water Act section 303(d) List of Impaired Waters</b>            Project with water quality goals directly dealing with a water body (lake or stream) on the latest Clean Water Act (CWA) s. 303(d) List of Impaired Waters, where the cause of the impairment is nonpoint source pollution and this project will reduce the type of nonpoint pollutants for which the water is listed (see Attachment A and <a href="http://dnrmaps.wi.gov/SL/?Viewer=SWDV">http://dnrmaps.wi.gov/SL/?Viewer=SWDV</a>).</p> <p><b>Name of Applicable Impaired Water:</b></p> <hr/> <p><b>Name of Pollutant Causing Impairment:</b></p> <hr/>
<input checked="" type="checkbox"/>	<div style="border: 1px solid black; width: 80px; height: 40px; display: flex; align-items: center; justify-content: center;">100</div>	<p><b>B. Outstanding or Exceptional Resource Waters or Other Areas of Special Natural Resource Interest</b>            Prevention of degradation due to nonpoint sources of outstanding resource waters (ORW) (per s. NR 102.10) or exceptional resource waters (ERW) (per s. NR 102.11) or other areas of special natural resource interest (ASNRI).            To locate ORW/ERW and other ASNRI's see Attachment A and go to DNR's Surface Water Data Viewer Designated Waters Theme at <a href="http://dnrmaps.wi.gov/SL/Viewer.html?Viewer=SWDV&amp;runWorkflow=DesignatedWaters">http://dnrmaps.wi.gov/SL/Viewer.html?Viewer=SWDV&amp;runWorkflow=DesignatedWaters</a>.</p> <p><b>Name of Applicable ORW/ERW or ASNRI:</b>            Yahara River &amp; Token Creek - In addition both are 303d</p> <hr/>
<input type="checkbox"/>	<div style="border: 1px solid black; width: 80px; height: 40px;"></div>	<p><b>C. Not Fully Supporting Uses or NPS Ranking of High or Medium</b>            A water body (lake or stream) identified in a DNR-approved Basin/Watershed Plan as not supporting designated uses due to nonpoint sources, but is not on the section 303(d) List. In newer plans, these waters are categorized as "supporting" (as opposed to "fully supporting") designated uses; in plans prior to 2010 they were labeled as "partially meeting" designated uses. Or, the project is located in watershed, lake watershed, or other area ranked high or medium on the NPS Rankings List, where the goals of the project are directly associated with the reason for the ranking on the NPS Rankings List.</p>
<input type="checkbox"/>	<div style="border: 1px solid black; width: 80px; height: 40px;"></div>	<p><b>D. Surface Water Quality</b>            Prevention of degradation of surface water quality due to nonpoint sources</p>

	<b>Groundwater Considerations</b> For assistance with this section, please consult the DNR District Drinking Water and Groundwater Specialist at: <a href="http://dnr.wi.gov/topic/drinkingWater/documents/CountyContacts.pdf">http://dnr.wi.gov/topic/drinkingWater/documents/CountyContacts.pdf</a> or the County Extension office.
<input type="checkbox"/>	<b>E. Exceeds Groundwater Enforcement Standard</b> Groundwater within the project area where representative information indicates that stormwater pollutants in groundwater exceed the Enforcement Standard (ES).
<input type="checkbox"/>	<b>F. Exceeds Groundwater Preventive Action Limit</b> Groundwater within the project area where representative information indicates that storm water pollutants in groundwater exceed the Preventative Action Limit (PAL).
<input type="checkbox"/>	<b>G. Groundwater Quality</b> (see <a href="#">Attachment F</a> ) The project area is within a geological area defined in Attachment F as susceptible to groundwater contamination.
<b>Total:</b>	
100	

**Drinking Water Bonus Points** (see [Attachment E](#))

- Yes  Check this box if the project water quality goals identified above relate to the reduction of nonpoint source contaminants in community or non-community public drinking water supplies. This includes any of the following: Municipal supplies governed by chs. NR 809 and 811; Other-Than-Municipal (OTM) water supplies governed by chs. NR 809 and 811; Non-Transient water supplies governed by chs. NR 809 and 811; Transient water supplies governed by chs. NR 809 and 812.
1. If "Yes," and you checked boxes E, F, or G, above, then mark a, b, or c, below and move on to question 6. (You will need assistance from your DNR District NPS Coordinator at <http://dnr.wi.gov/topic/nonpoint/NPSContacts.html> or Water Supply Specialist at <http://dnr.wi.gov/topic/drinkingWater/documents/CountyContacts.pdf> to answer.)
- a. Check this box if the project is located: within the wellhead protection area of a municipal well; or within 1,200 feet of a municipal well for which a wellhead protection area is not delineated; or within 1,200 feet of an Other-Than-Municipal (OTM) water supply well; or within 1,200 feet of a Non-Transient water supply well.
- b. Check this box if the project is located within 200 feet of a Transient water supply well.
- c. Check this box if **neither** a nor b applies
2. If "Yes," and you checked box **A, B, or C or D above**, then place a check mark next to the appropriate drainage area where the project is located. If the project is in more than one drainage area, enter the appropriate percentages in the boxes provided. (See [Attachment E](#) .)

Source Water Drainage Area	Portion of Project in Assessment Area (%)
<input type="checkbox"/> Pike River and Creek	<input type="text"/>
<input type="checkbox"/> Root River	<input type="text"/>
<input type="checkbox"/> Oak Creek	<input type="text"/>

**Question 5. Evidence of Local Support**

Project Name:

Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 9 of 19

For A. and B., check the applicable situation that exists at the time of application. Submit supporting information and documentation with the application.

**A. Government**

1. The local-share funds for this project's expenses are already included specifically in an **adopted** budget.

Evidence of the adopted budget is included with the application submittal.

Describe the document and list date of adoption:

2. The local-share funds for the project expenses are or will be included in a **proposed** budget.

Evidence of the proposed budget is included with the application submittal.

Describe the document and list date for adoption;

See Attached Resolution - Resolution 2015-031 Adopted April 8th, 2015

**B. Community** Supporting information must be submitted with the application.

1. There is local community support from community stakeholders specifically for the project.

a. There is local support from citizen groups.

b. There is local support from municipal committees or councils representing the applicant.

2. There is community support for addressing general water resource needs in the community, even though there may not be evidence of support for this specific project.

a. There is general support from citizen groups.

b. There is general support from municipal committees or councils representing the applicant.

**Question 6. Plans and Regulations**

**A. Consistency With Resource Management Plans**

- Check this box if the proposed project focuses on plans to implement a water quality recommendation from a locally-approved resource management plan. Examples include Smart Growth plans, Legacy Community plans, Water Star plans, local Storm Water Management plans, wellhead protection, lake management, regional water quality plans, Remedial Action plans and other watershed-based nonpoint source control plans.

*(This question does not include a TMDL report, TMDL implementation plan, or County Land and Water Resource Management Plan.)*

If Yes, summarize the water quality recommendation and describe how it relates to the goals of this proposed project. Cite the title, author and date(s) of publication of the resource management plan. Attach pertinent page(s) or provide URL and page numbers.

"Village of DeForest Storm Water Management Plan", March 2007, Vierbicher Associates Inc. - Water Quality Recommendations was included within Section 5 of the report. Significant amount of projects were completed that were identified within the March 2007 Storm Water Management Plan. The WDNR has a copy of the Storm Water Management Plan.

Village of DeForest Comprehensive Plan, March 3, 2015, Village of DeForest - Section 4 Natural Agriculture and Cultural Resources & Section 6 Land Use. Document can be found at:

[http://www.vi.deforest.wi.us/index.asp?Type=B\\_BASIC&SEC=%7BF8D439BC-F444-432A-992F-D714CE3556C0%7D](http://www.vi.deforest.wi.us/index.asp?Type=B_BASIC&SEC=%7BF8D439BC-F444-432A-992F-D714CE3556C0%7D)

**B. Supporting Regulations**

Check the box for the statement(s) that applies to this project. The project is located within an area which has:

1. The applicant (applying governmental unit) has regulations in place to administer and enforce construction erosion controls in the governmental unit that are consistent with the non-agricultural performance standards in s. NR 151.11

Project Name:

Village of DeForest Storm Water Master Plan

**UNPS&SW Program - Planning Grant Application**

Form 8700-299A (R 1/15)

Page 10 of 19

Include the web site where the regulation can be found (most direct web page URL) and page number(s).

http://www.vi.deforest.wi.us/vertical/sites/%7B5DDB5418-8268-440C-BD18-45CB7768531A%7D/uploads/Chapter\_24\_12.23.2013.pdf

Section 24.02 & 24.07

Or check the box if a copy of the regulation is attached to this application.

- 2. The applicant (applying governmental unit) has regulations in place to administer and enforce post-construction runoff for areas of new development and redevelopment in the governmental unit consistent with the non-agricultural performance standards in s. NR 151.12.

Include the web site where the regulation can be found (most direct web page URL) and page number(s).

http://www.vi.deforest.wi.us/vertical/sites/%7B5DDB5418-8268-440C-BD18-45CB7768531A%7D/uploads/Chapter\_24\_12.23.2013.pdf

Section 24.02 & 24.08

Or check the box if a copy of the regulation is attached to this application.

**Question 7. City of Racine**

- Check this box if this is an application from the City of Racine for a project that is necessary for the city to comply with state storm water permitting requirements.

**Part III. Eligibility for Multipliers**

Completion of this part of the application is optional. However, an applicant can increase the final project score by qualifying for a project multiplier.

**Local Implementation Program** (select all that are in place as of the application submittal date)

- A. The governmental unit is implementing a pollution prevention information and education program targeted for property owners and other residents.
- B. The governmental unit is tracking storm water permitting activity (construction and post-construction) in the governmental unit and can make summary information available to the DNR upon request.
- N/A
- C. The governmental unit is implementing a nutrient management plan for municipally-owned properties of pervious area where nutrients are applied.

**Optional Additional Information**

Carefully review the answers to all of the questions above. Is there additional information that will add to the understanding of this project? If so, describe here.

The Village of DeForest recognizes the value of the natural resources. The Village has been progressive by implementing an erosion control and storm water ordinance with the intent to protect the Token Creek and Yahara River Watersheds. The Village has been awarded Dane County Urban Water Quality Grants and has implemented storm water enhancement projects. The Village is actively incorporating "green infrastructure goals" within the Village's Ordinance. This planning grant will help the Village maintain a high standard with respect to water quality.

**Applicant Certification**

A Responsible Governmental Official (authorized signatory) must sign and date the application form prior to submittal to the DNR. The governmental official with signatory authority must be the person authorized by the Governmental Responsibility Resolution. I certify that, to the best of my knowledge, the information contained in this application and attachments is correct and true.

Thank you.

The Village of DeForest recognizes the valuable and scenic beauty of the Yaraha River and the Rock River Watershed. The Village has been proactive in promoting green infrastructure, and raising the bar to protect the valuable natural resources. The Village has implemented groundwater recharge and requires 100% Stay-On for new developments, See Chapter 24 of the Village of DeForest Municipal Ordinance for more information.

This grant will allow the Village to continue the effort to promote watershed protection. The grant will allow the Village to assess existing conditions and plan for future water quality projects.
