

This form is designed to tell us where you have placed your purple loosestrife biocontrol insects, as well as give us important information about the receiving wetland. You are the only one who can give us this valuable information. And since purple loosestrife is a state-restricted plant under NR-40 regulations, reporting where you put loosestrife plants for distributing biocontrol beetles is required by law, (please report all biocontrol insect releases, even if not on potted plants). Use a GPS unit for latitude and longitude data and reading accuracy and/or describe the location completely. Estimate the numbers as best you can (e.g. a football field is ~ 1 acre). Thank you for your important contribution to the health of Wisconsin's wetlands!

Notice: Information on this voluntary form is collected under ss. 33.02 and 281.11, Wis. Stats. Personally identifiable information collected on this form will be incorporated into the DNR Surface Water Integrated Monitoring System (SWIMS) Database. It is not intended to be used for any other purposes, but may be made available to requesters under Wisconsin's Open Records laws, ss. 19.32 - 19.39, Wis. Stats.

Data Collector / Volunteer Names			
Primary Data Collector Name CHRIS HAMERLA		Additional Data Collector Names ETHAN ROBERS, TYLER BETRY	
Phone Number 715-343-6215	Email chris.hamerla@goldensandsrfd.org	Mailing Address 1100 Main St Suite 150 Stevens Point WI 54481	
Date and Time			
Date 6/27/16	Time 9:00 AM - 11:00 AM		
Site Location			
County MARATHON CO		Nearest City/Village/Town RIB MOUNTAIN	
Location Description (ex. CTH K at Town Line Road) Island just east of 1701 Mallard Ln, Wausau WI.			
Latitude(WGS84 format) 44.938167	Longitude(WGS84 format) -89.656726	GPS Reading Accuracy	
Landowner Name (and phone number if known): Mr. Kelly Graefe 715-848-1284			
Land Ownership Type (circle one): <input checked="" type="radio"/> private federal state county local government unknown			
Site Plant Data			
Acreage of Purple Loosestrife (circle one) <input checked="" type="radio"/> less than 1/4 acre 1/2-1 acre 1-10 acres more than 10 acres			
Purple Loosestrife Coverage on Large Sites (circle one) 0-25% <input checked="" type="radio"/> 26-50% 51-75% 76-100%			
Number of Purple Loosestrife Plants on Small Sites (circle one) 1-10 11-49 50+			
Wetland location/type (circle all that apply): lake/pond edge stream edge roadside wooded area ditch field other AT lake edge surrounding island.			
Site Insect Release Details			
Was a stake or flag used to mark site? Yes/ <input checked="" type="radio"/> No Type _____		Specific directions (ex. ~100 ft in from side of road) Directly east of boat landing	
If returning to site, was stake or flag found? Type _____		Next to Gulliver's Landing Restaurant	
Photo File Name(s):		1701 Mallard Ln, Wausau WI	
Method of Release(circle one) <input checked="" type="radio"/> potted plants with beetles just adult beetles		# of potted plants 18	# of adult beetles released ~18000
Weather (temp, wind, clouds) Sunny, breezy, 72°		Insect condition... (check all that apply) <input checked="" type="checkbox"/> released in good condition? <input type="checkbox"/> released in poor condition? <input checked="" type="checkbox"/> pot placed next to field plant? <input type="checkbox"/> if releasing adults, placed directly on field plants? <input checked="" type="checkbox"/> tops of potted plants entwined with tops of field plants?	
Additional Comments: Lots of larva were released. ^{Potted} Plants were very damaged so they needed to be released.			

Please name photo files with site number and date and send to invasive.species@wi.gov. To enter data online, please visit <http://dnr.wi.gov/invasives/loosestrife>.

Send completed date sheets to Dept. Of Natural Resources - WT/4, P.O. Box 7921, Madison WI 53791-9087
