

WISCONSIN MARITIME MUSEUM

AT MANITOWOC

BEACH ECOLOGY, SUCCESSION, & WHY INVASIVE SPECIES MATTER

Learn more about beach ecology, natural succession, and why invasive species matter. Our panel of experts will focus on the beaches of Lake Michigan and discuss the challenges of invasive species on the overall ecology of our beaches.

- Tom Ward, Aquatic Invasive Species Coordinator
- Jim Knickelbine, Director, Woodland Dunes Nature Center
- Carolyn Rock, DNR Naturalist/Educator, Whitefish Dunes State Park

OCTOBER 25, 2012

6:30 P.M.—8:00 P.M.

WISCONSIN MARITIME MUSEUM, MANITOWOC
