>>The Golden Lake residents,

> We have been monitoring the water

> level at our pier for 10 plus years. The previous high water mark

> registered in 2008 was 39.75 inches.

> Current readings;

> 7-23-2010 38.25"

> 7-24-2010 39.5"

> 7-26-2010

> 38.5"

> 7-27-2010 37.75"

> 7-28-2010 37" which is

> normal high water previously recorded in years past without having

> a no wake rule in effect.

>

> It

> is time to remove the no wake and life on the lake can return to

> normal for all concerned.
