

**Project Report - Nelson Lake Association  
Preventing Invasives: Information Kiosks and Key Chains  
Project # AEPP-046-06**

Information kiosks were purchased and installed at three boat launch sites, two on Nelson Lake (Tagalder and Gerlach ) and one along Highway 27 that provides access to the Totogatic Flowage. Information bins on the kiosks were filled with brochures on preventing the spread of invasive, boat check lists, invasive identification cards and key chains. Pictures are attached and can be forwarded via e mail if necessary.

Key chains were prepared and distributed to organizations and businesses in the area shown below.

Hayward Power Sports - 300  
Nelson Lake Resort Association Members - 70  
The Landing, Tall Pines, N L Lodge, Revelles, Four Seasons, Rod &  
Rifle, Sunrise Bay.  
Hayward Bait - 20  
DNR Hayward office - 25  
Nelson Lake Association members - 35  
Moose Lake Association - 35  
Kiosks - 30

As a side benefit of this project Mike Dorenski worked with the Hayward Lakes Visitor and Convention Bureau to add a "Stop Invasives" message to their website which should reach thousands of individuals.. The Nelson Lake Resort Association contains a similar message and the Nelson Lake Assoc. website, which is being developed, will have information on how members can help stop the spread of invasives. Copies of the active websites are attached.
