Subject: Amendment to the *Dane County Water Quality Plan*, Revising the Central Urban Service Area Boundary and the Environmental Corridors in the City of Madison, the Town of Blooming Grove, and the Town of Burke

Dear Mr. Mesbah:

We have completed our review of the subject amendment request that was submitted to the Department on April 16, 2010 by the Capital Area Regional Planning Commission. The Department hereby approves this amendment request which adds 776.7 acres to the Central Urban Service Area in Madison's Northeast Neighborhood. The amendment area is located east of Interstate Highway 39-90-94, and north and south of CTH T (Commercial Avenue).

There are 170.9 acres of existing development in the amendment area and 104.4 acres of street right-of-way. Environmental corridor designation is proposed for 146 acres of parks, open space and storm water management areas. The amendment will add 459.8 developable acres to the Central Urban Service Area (See Map 1).

The proposed amendment was requested by the City of Madison on July 27, 2009 and revised on October 21, 2009, and was adopted by the Capital Area Regional Planning Commission per Resolution CARPC No. 2010-1 on March 11, 2010.

The approval of this sewer service area amendment does not constitute approval of any other local, state, or federal permit that may be required for sewer construction or associated land development activities.
