

Geographic Name Proposals for 2000
May 23rd, 2000 Meeting Summary

Proposed Name: **Mahogany Marsh Lake**

Location: Douglas County Size: 25 acres Access: No public

Current Name: Unnamed

applicant's background material in 1999 file?

Background:

This proposal was reviewed by the Council at last year's meeting. It was determined this could not be acted on until adjacent landowners were contacted regarding their opinions on this name. The applicant has now provided letters of support from the two other private landowners. Note that there are some new landowners since the plat book page included is out of date. The Douglas County Forest also borders a small part of the lake. The County Forester was contacted by phone and they have no objections to this proposal.

The applicant proposes to name this lake after a hunting camp in the area that has been known locally as Mahogany Marsh for over 30 years. The town board has passed a resolution in support of this name.

Discussion: The applicant has done what was requested by the Council at the previous meeting. There was some confusion over who the adjacent landowners are and that has been cleared up with letters of support provided.

Action: Approved
