

**Aquatic Invasive Species Snapshot Day Datasheet**

Date: August 18, 2023

The purpose of this form is to notify DNR of aquatic invasive species (AIS) surveillance results.

To find where aquatic invasive species have already been found, visit: <http://dnr.wi.gov/topic/invasives/report.html>

Notice: Information on this voluntary form is collected under ss. 33.02 and 281.11, Wis. Stats. Personally, identifiable information collected on this form will be incorporated into the DNR Surface Water Integrated Monitoring System (SWIMS) Database. It is not intended to be used for any other purposes but may be made available to requesters under Wisconsin's Public Records laws, ss. 19.32 - 19.39, Wis. Stats.

If the plant or animal cannot be collected due to safety concerns or it is located on private property, please take a photo (see Sample section below). DNR staff will then follow up if further monitoring is needed for identification.

Instructions: Bold fields must be completed. Please list each suspect species and its estimated area/density, or use the bottom check box if no species were observed.
