

Date: May 30, 2023

Surface Water Grant: #RP37323

**SWE - Education & Awareness through the Fox-Wolf Watershed Cleanup**

Here are the totals for the 2023 Fox-Wolf Watershed Cleanup event coordinated for Saturday, May 6, 2023. This event was coordinated by the Trash Free Waters program at the Fox-Wolf Watershed Alliance organization. This was our largest watershed cleanup event to date.

Despite the wet start to the morning, a record-setting number of volunteers headed out to 67 cleanup sites throughout northeast Wisconsin on Saturday, May 6th to get their hands dirty and clean up our local waters. Fox-Wolf Watershed Alliance thanks our hard-working volunteers who removed over 7,000 pounds of trash from our local creeks, rivers, and lakes!

Disposable gloves were provided for all volunteers cleaning up in the basin.
