

Take advantage of this Healthy Lakes & Rivers reporting example for your projects. It can be used to keep properties and project details organized in one location and will make it easier when you request grant reimbursement. You may also use the reporting example to feature Healthy Lakes & Rivers projects that aren't grant-funded but still worthy of promotion.

Page 1 is grant-specific and should be completed by the project coordinator. The following pages are property-specific and can be completed by individual property owners or the project coordinator. Photos and other feedback may be used for promotional purposes like newsletter articles and the website, but personal information won't be shared without permission.
