

**The Landowner agrees:**

1. To install native plantings according to Healthy Lakes Program requirements.
2. If installation is hired out: To pay installer up front for cost of plants, materials and labor. These costs will be reimbursed by the Lake Association (up to \$1,000) upon receipt of itemized invoice marked "Paid in Full" from installer.
3. If owner completes planting: To provide Lake Association with all receipts for project costs including plants, herbicide and mulch. These costs will be reimbursed by the Lake Association (up to \$1,000) upon receipt of completion.
4. To complete the project and maintain the function of the practice for a minimum of 10 years, including:
  - Water plants a minimum of 1 inch per week or more during dry periods for 1-2 years.
  - Become familiar with weeds and remove them frequently.
  - The standing dead plants may be left in place through the winter and then cut back when new spring growth emerges.
  - Fencing may be necessary to prevent browsing by rabbits, deer and other animals.
  - Native plantings must remain in place according to zoning specifications if within the vegetation protection area.
  - The 350 sq. ft. native planting must remain in place for 10 years if Healthy Lakes grant-funded.
5. To repay cost-sharing funds immediately upon demand by the Lake Association if the practices are not properly installed or maintained.
6. The Lake Association and the Department of Natural Resources shall have the right to inspect the site to verify practice installation, operation and maintenance. Failure to allow inspection of sites shall result in the termination of this agreement and the requirement that all payments made by the Lake Association pursuant to this agreement be repaid.

---

**The Round Trade Lake Improvement Association agrees:**

1. To reimburse 75% of the cost of the installation (up to \$1,000) upon receipt of invoices and completion certification from the Lake Association Representative.
2. To maintain project records as required by the grant agreement.
