acquisition

OUTSTANDING AND EXCEPTIONAL RESOURCE WATER EVALUATION - STREAMS(continued)

Stream Name: Parfrey's Glen

Reach Designation: Headwaters to CTH "DL"

CRITERIA

RELATED INFORMATION

SOURCES OF POLLUTION

No significant impacts from actual or potential point sources or culturally induced nonpoint sources

All of Area slated for state acquisition

If this waterbody did not receive a check in each of the 4 categories, but based on your professional judgement and overriding environmental concerns, you still believe that this should be an Outstanding or Exceptional Resource Water, explain why.

Part of Ice Age and Devils Lake and a state scientific area due to it being a benchmark stream.

Parfrey's Glen should be classified as an Outstanding Resource Water
