Greg,

Thank you for the information. I will note the correction.

Thanks again, and have a good day!

Ms. Thompson,

The longitude should be 88 degrees instead of 87. The rest is correct. Sorry about that.

Subject: Request Clarification of Latitude and Longitude for John Fendryk Farm

Greg,

I tried to duplicate the latitude and longitude for the John Fendryk Farm (substitution for the Marinette Cnty-Zeitler CY 2009 grant application), now with Grant No. TRC-GN08-38000-09 E.

The lat/long on the Final Report you sent (copy attached) lists the Town 31 North, Range 20 East, Section 30, in the NE 1/4 of the NW quarter, and  
latitude : 45 degrees, 8 minutes, 8 seconds  
longitude: 87 degrees, 3 minutes, 28 seconds.

However, that seems to place, according the DNR's WTVIEWER, in Township 31 North, Range 28 East, Section 26--in Lake Michigan!! ( are we now doing "aqua-" instead of agri-culture :) ??)

I believe the most probable latitude and longitude for "Town 31 North, Range 20 East, Section 30, in the NE 1/4 of the NW quarter" would be

latitude :45° 7' 58.9" N,

longitude: 88° 3' 28.8" W -see attached maps.

Please let me know what is the correct latitude and longitude for the John Fendryk Farm (supposedly on " W9075 County Rd West P, Crivitz, WI 54114").  
Thank you for your help.
