- No Known Standards Violations?
- No Existing or Potential WQ Problems

Info in WR LM file -

OUTSTANDING RESOURCE WATER EVALUATION (continued)

Stream Name: FOX RIVER - WINDS. - WAUSHARA CO
Reach Designation: _____

CRITERIA RELATED INFORMATION
SOURCES OF POLLUTION

[] No significant impacts from point sources or
culturally induced nonpoint sources

Many discharges of Pt Npt sources, but system assimilates them & they don't disrupt its use.

If this stream reach did not receive a check in each of the 5 categories but, based on your professional judgement and overriding environmental concerns, you still believe that this should be an Outstanding Resource Water, explain why.

Warm-water stream with annual fish migrations of white bass-walleye. Icee sturgeon spawning in stream. Trophy fishing for flathead catfish.
