### Project RED Training in Superior, WI

Share · Public Event

**Time** Wednesday, July 27 · 5:00pm - 8:00pm

**Location** Superior Public Library

**Created By** [River Alliance of Wisconsin](#)

**More Info** Why Superior? The Saint Louis River is the only inland waterbody in Wisconsin or Minnesota where New Zealand Mudsnaills have been found. They are suspected to have hitched a ride in ballast water into the Duluth Harbor and are making their way upstream slowly.

Wisconsin's rivers are vulnerable to invasion by a number of invasive species from Eurasian milfoil to Japanese knotweed. The key to successfully protecting your river ...
