Final Report Form 3400-189 (rev. 7/30/09)

- Targeted Runoff Management Grant Program (ch. NR 153)
- Notice of Discharge Program (ch. NR 153)
- Urban Nonpoint Source & Storm Water Management Grant Program (ch. NR 155)

NOTICE: This Final Report is authorized under ss. 281.65 and 281.66., Wis. Stats., and chs. NR 153 and NR 155, Wis. Admin. Code. Personally identified information collected will be used for program administration and may be made available to requesters as required under Wisconsin Open Records Law [ss. 19.31-19.39, Wis. Stats.].

INSTRUCTIONS: Your grant agreement requires you to submit a Final Report with your final reimbursement request. This Final Report form must be used in conjunction with the "FINAL REPORT INSTRUCTIONS." The instructions detail how to complete and submit the report to DNR as described in the instructions.

5. Additional Information. (Space will expand to fit your text.)

6. Summary of Project Challenges. (Space will expand to fit your text.)

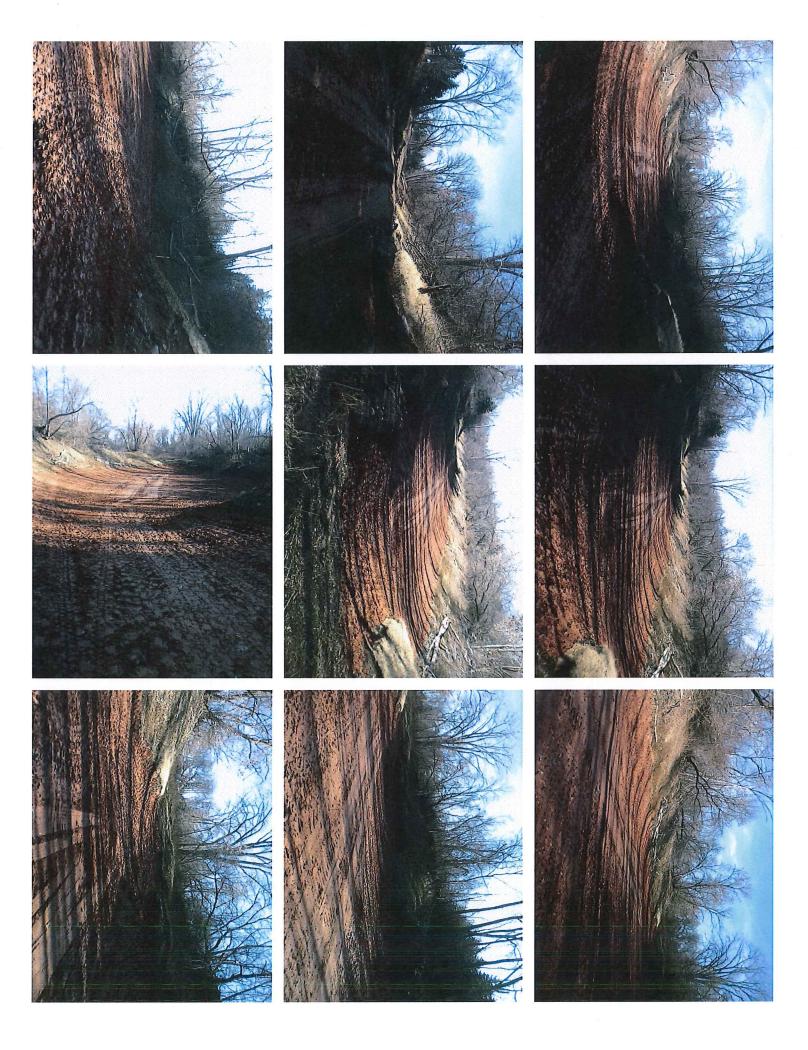

Groundwater issues tied to an old gravel pit connected multiple stakeholders into one common cause/project. This project involved Winnebago County LWCD and Public Health Department, UWO professors and students, local towns officials, DNR, ACOE and affected property owners and adjacent landowners. To make this project affordable to the homeowners involved it was cost shared with TRM and Winnebago County Water Quality Improvement Program funds. Funding for this project was approve in 2009 and has been extended until this time. Our thanks to Tim Parsons for all his patience and support with the TRM Grant during this painstaking but educational process.

Achieving landowner participation and in some cases permission various unknowns that affected the project construction and cost,
