Final Report Form 3400-189 (rev. 7/30/09)

- Targeted Runoff Management Grant Program (ch. NR 153)
- Notice of Discharge Program (ch. NR 153)
- Urban Nonpoint Source & Storm Water Management Grant Program (ch. NR 155)

NOTICE: This Final Report is authorized under ss. 281.65 and 281.66., Wis. Stats., and chs. NR 153 and NR 155, Wis. Admin. Code. Personally identified information collected will be used for program administration and may be made available to requesters as required under Wisconsin Open Records Law [ss. 19.31-19.39, Wis. Stats.].

INSTRUCTIONS: Your grant agreement requires you to submit a Final Report with your final reimbursement request. This Final Report form must be used in conjunction with the "FINAL REPORT INSTRUCTIONS." The instructions detail how to complete and submit the report to DNR as described in the instructions.

None.					
6. Summary of Project Challenges. (Space will expand to fit ye	our text.)				
Brian & Hannah Harper are a very young couple that bought the farm from her parents. The additional challenge on this project was to construct a relatively expensive total comntainment system at a cost that a struggling young farm couple could afford. Total containment of all nutrients seemed necessary since the farm had some prior barnyard BMP's that had been constructed years earlier that were no longer functioning properly. They received some EQIP funding for a couple additional practices that helped the project as well as following some very tight bidding procedures. All planned and designed BMP's were successfully completed.
