5. Additional Information. (Space will expand to fit your text.)

There is a Land Use Restriction on the stream corridor limiting the access to a few sheep, cattle and horses are not allowed to utilize the Woodward Creek. The manure storage is a concrete basin with a few days of storage. This replaces the filter strip which would have been very close to the creek. The landowner has to clean the basin and spread the manure on the land according to the Nutrient Management Plan. - Gaylord Olson II – Jackson County LCD
