SUBJECT : High Capacity Well Conditional Approval - City of Marinette - Marinette County

Dear TYCO FIRE PRODUCTS AND JCI (CITY OF MARINETTE) - BERO, LANA:

The Department of Natural Resources, Bureau of Drinking Water and Groundwater (Department), has reviewed and approved your application for the construction and operation of a non-potable high capacity well(s), located in the City of Marinette, Marinette County. The application was submitted by Tyco Fire Products And Jci (Tyco Property-South) and received by the Department on 4/23/2021.

Your application has received a review to determine compliance with the well construction and pump installation requirements of ch. NR 812, Wis. Adm. Code, and ch. 281, Wis. Stats. The application was reviewed to determine compliance with ch. 281.11, 281.12(1), and 281.34 (2), Wis. Stats. and related administrative rules to mitigate harm to the waters of the state. The Department's review indicates the proposed construction complies with the requirements of ch. NR 812, Subchapter ii; however, you and your well driller and pump installer are responsible for complying with all provisions of ch. NR 812 and the conditions contained in this approval. The Department's determination to issue this conditional approval is based on the information provided in your application and other available information, and it may be subject to modification pursuant to s. 281.34(7), Wis. Stats.

This approval consists of this letter and four attached sections: 1) Conditional approval to construct a high capacity well; 2) High capacity well conditional withdrawal approval; 3) Conditions and requirements for constructing and operating a high capacity well; and 4) Notice of appeal of rights and other legal notices.

Review this approval in its entirety. Please contact the department at 608-266-2299 with any questions or concerns.

Respectfully,

Aaron Pruitt, Hydrogeologist  
State of Wisconsin - Department of Natural Resources  
For the Secretary

**Well Construction Requirements and Conditions:**

1. You or your well driller must contact your DNR regional water supply specialist at least one business day prior to starting construction in accordance with s. NR 812.03(1), Wis Adm. Code. Advanced notification of high capacity well construction or pump installation work can be provided to the department electronically via <https://arcg.is/18yji84>. Your submitted electronic notification will be automatically routed to the appropriate private or public water supply specialist.

## CONDITIONS AND REQUIREMENTS FOR CONSTRUCTING AND OPERATING A HIGH CAPACITY WELL

1. **WELL CONSTRUCTION.** It is your responsibility and the responsibility of your well driller and the pump installer to ensure that the well construction and pump installation for the proposed high capacity well are completed in compliance with the requirements of ch. NR 812, Wis. Adm. Code, and in compliance with the conditions specified in this approval. The pump installation will discharge through a Department-approved pump and the entire discharge piping arrangement system shall be installed in a manner to meet the applicable requirements of ch. NR 812, Wis. Adm. Code. If the Department discovers features or aspects of the installation or operation that are in violation of ch. NR 812, Wis. Adm. Code, or in violation of the conditions specified in this approval, the approval will become void. It your responsibility to make any needed corrections to the well construction or the pump installation, or to any changes in operation or water usage.
2. **LOCATION.** In accordance with ss. NR 812.09(2) & (4)(a), Wis. Adm. Code, and unless otherwise stated in explicit conditions specified in this approval, the approved high capacity well shall be constructed within a distance of 660 feet around the approved coordinates; this allowance is subject to setbacks defined in ch. NR 812, Wis. Adm. Code. The well driller shall determine accurate coordinates for the latitude and longitude of the well location with the use of a Global Positioning System (GPS) unit and shall include these coordinates on the Well Construction Report.
3. **APPROVAL EXPIRATION.** In accordance with s. NR 812.09(4r), Wis. Adm. Code, if the construction of the proposed high capacity well has not commenced within two years from the date of this letter, this approval is void. If the approval is voided under this subsection, a new application must be submitted and approved before any construction work on a new proposed well or pump installation may be undertaken.
4. **DRILLING NOTIFICATION.** In accordance with s. NR 812.03(1), Wis. Adm. Code, notice shall be provided to the Department's District Region Drinking Water Specialist on the business day prior to the date when construction, including grouting, of the high capacity well is proposed to commence.
5. **FILLING AND SEALING.** Any approved well is expected to be used. A high capacity well shall be filled and sealed if the well meets any of the criteria defined in NR 812.26 (4)(a) Wis. Adm. Code.
6. **REPORTING.** Withdrawals from each of the high capacity wells on your property must be recorded monthly and reported to the Department by March 1 of the subsequent calendar year in a format provided by the department in accordance with s. 281.34(5)(e)2., Wis. Stats., and s. NR 820.13(1), Wis. Adm. Code. The Department may require photographic evidence of the meter reading(s) or another method approved by the Department, to document compliance with approved withdrawal volumes. Please consult current Department instruction regarding approved measurement and estimation methods.
7. **METERING.** In accordance with ss. NR 812.39(2), NR 820.13 & NR 856.31(1), wells with a pumping capacity of 100,000 gallon per day (70 gpm) or more shall be equipped with a means of accurately measuring water withdrawal, typically an hour meter or totalizing flow meter. Unless otherwise specified in approval conditions, wells with a pumping capacity of less than 100,000 gallons per day (70 gpm) may either be equipped means of measuring water withdrawals or water use may be estimated using a method approved by the department. See Water Withdrawal Report Instructions ([dnr.wisconsin.gov/sites/default/files/topic/WaterUse/WWReportGuidance.pdf](https://dnr.wisconsin.gov/sites/default/files/topic/WaterUse/WWReportGuidance.pdf)) for additional information on approved flow measurement methods and water use estimation methods.
8. **WELL CONSTRUCTION REPORT.** In accordance with s. NR 812.10(11), Wis. Adm. Code, the well driller shall prepare a Well Construction Report for the proposed high capacity well and shall submit the report to the Department within 30 days following completion of the well.
9. **WITHDRAWAL LIMITS.** In accordance with s. NR 812.09(4)(a), Wis. Adm. Code, the operation of the proposed high capacity well shall be limited to the withdrawal schedule found in the withdrawal approval or conditional language.
10. **WATER WITHDRAWAL REGISTRATION.** Your approved withdrawal has been registered with the Department pursuant to s. 281.346, Wis. Stats., and ch. NR 856, Wis. Adm. Code. Registration is required for persons who have a water supply system with the capacity to withdraw an average of at least 100,000 gallons per day (70 gallons per minute). You do not need to take any additional steps to register at this time. For more information on water use registration, go to <https://dnr.wisconsin.gov/topic/WaterUse/registration.html> or call the Water Use Program at (608) 266-2299.
11. **WATER USE FEES.** Any person with a high capacity well with the capacity to make a withdrawal from the waters of the state averaging 100,000 gallons per day or more in any 30-day period shall pay to the Department an annual water use fee of \$125, as well as an additional fee for any Great Lakes basin withdrawal exceeding 50 million gallons per year. This high capacity well approval may be rescinded if either of these annual fees is not paid. See s.281.346(12), Wis. Stats., and ch. NR 850, Wis. Adm. Code. For more information about Great Lakes basin fees, go to <https://dnr.wisconsin.gov/topic/WaterUse/fees.html> or call the Water Use Program at (608) 266-2299.
12. **WATER USE PERMIT (GREAT LAKES BASIN ONLY).** In addition to a high capacity well approval, a water use permit is required for Great Lakes Basin withdrawals averaging 100,000 gallons per day or more in any 30-day period. See s. 281.346(4m), Wis. Stats., and ch. NR 860, Wis. Adm. Code. For more information on water use permitting go to <https://dnr.wisconsin.gov/permits/water> or call the Water Use Program at (608) 266-2299.

13. **CHANGE IN OWNERSHIP.** Pursuant to s. 281.34(2g)(c), Wis. Stats., if ownership of a high capacity well is transferred, the new high capacity well owner shall notify the Department within 90 days of the transfer using the form prescribed by the Department.

---

## NOTICE OF APPEAL RIGHTS AND OTHER LEGAL NOTICES

---

If you believe that you have a right to challenge this decision, you should know that Wisconsin Statutes and Administrative Rules establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to Sections 227.52 and 227.53 of the State Statutes, you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review must name the Department of Natural Resources as the Respondent.

To request a contested case hearing pursuant to Section 227.42 of the State Statutes, you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review.

All requests for contested case hearings must be made in accordance with section 227.42, Wis. Stats., and section NR 2.05(5), Wisconsin Administrative Code, and served on the Secretary in accordance with section NR 2.03, Wisconsin Administrative Code. Pursuant to Section NR 2.05(5), Wisconsin Administrative Code, and Section 227.42, Wis. Stats., the Petitioner is required to include specific information demonstrating the following:

1. The substantial interest of the Petitioner which is injured in fact or threatened with injury by Department action or inaction;
2. That there is no evidence of legislative intent that this interest is not to be protected;
3. That the injury to the Petitioner is different in kind or degree from the injury to the general public caused by the Department action or inaction; and
4. That there is a dispute of material fact (you must specify the disputed fact(s)).
