

Well Construction Report WISCONSIN UNIQUE WELL NUMBER				CE547		Drinking Water and Groundwater - DG/5 Department of Natural Resources, Box 7921 Madison WI 53707				Form 3300-077A																																																									
Property Owner DOOR CNTY COMMERCIAL FISHERIES						Phone # (414)854-5693		1. Well Location				Fire # (if avail.)																																																							
Mailing Address 1488 STATE HWY 42						Town of LIBERTY GROVE						Street Address or Road Name and Number 1488 HWY 42																																																							
City ELLISON BAY				State WI		Zip Code 54210																																																													
County		Co. Permit #		Notification #		Completed 05-18-1992		Subdivision Name				Lot #		Block #																																																					
Well Constructor (Business Name) ERWIN JORNS						Lic. # 443		Facility ID # (Public Wells)				Latitude / Longitude in Decimal Degree (DD) 45.2595 °N -87.0642 °W				Method Code GCD013																																																			
Address PO BOX 44 EGG HARBOR WI 54209-0044						Well Plan Approval #				SE SW		Section 11		Township 32 N		Range 28 E																																																			
Approval Date (mm-dd-yyyy)						or Govt Lot #				2. Well Type New Well				of previous unique well #		constructed in																																																			
Hicap Permanent Well #																		Common Well #		Specific Capacity 0.1																																															
3. Well serves 1 # of BUILDING						Hicap Well ? No				Reason for replaced or reconstructed well ?				Construction Type Drilled																																																					
Private, potable						Hicap Property ? No																																																													
Heat Exchange ___ # of drillholes						Hicap Potable ?																																																													
4. Potential Contamination Sources - ON REVERSE SIDE														8. Geology																																																					
5. Drillhole Dimensions and Construction Method																																																																			
<table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th>Dia. Screen type, material & slot size	From (ft.)	To (ft.)					10. Pump Test				Developed ? Yes																																																	
Dia. (in.)	Screen type, material & slot size	From (ft.)	To (ft.)																																																																
7. Grout or Other Sealing Material Method TREMIE						Pumping level 160 ft. below surface				Disinfected ? Yes																																																									
						Pumping at 15 GP M for 1 Hrs.				Capped ? Yes																																																									
<table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th>Kind of Sealing Material</th> <th>From (ft.)</th> <th>To (ft.)</th> <th># Sacks Cement</th> </tr> </thead> <tbody> <tr> <td>MEAT CEMENT</td> <td>Surface</td> <td>152</td> <td>115 S</td> </tr> </tbody> </table>						Kind of Sealing Material	From (ft.)	To (ft.)	# Sacks Cement	MEAT CEMENT	Surface	152	115 S	Pumping Method ?				12. Notified Owner of need to fill & seal ? Filled & Sealed Well(s) as needed? Yes																																																	
Kind of Sealing Material	From (ft.)	To (ft.)	# Sacks Cement																																																																
MEAT CEMENT	Surface	152	115 S																																																																
13. Constructor / Supervisory Driller						Lic #		Date Signed																																																											
						EJ						06-25-1992																																																							
Drill Rig Operator						Lic or Reg #		Date Signed																																																											
JJ						06-25-1992		06-25-1992																																																											

4a. Potential Contamination SourcesIs the well located in floodplain ? No

Type	Qualifier	Distance
Foundation Drain to Clearwater		29
