

Well Construction Report WISCONSIN UNIQUE WELL NUMBER				OK236		Drinking Water and Groundwater - DG/5 Department of Natural Resources, Box 7921 Madison WI 53707				Form 3300-077A																					
Property Owner HARVEY, PAUL						Phone # (715)282-5450		1. Well Location				Fire # (if avail.)																			
Mailing Address 2915 WAUSAU RD						Village of CRESENT						2915																			
City RHINELANDER						State WI		Zip Code 54501				Street Address or Road Name and Number 2915 WAUSAU RD																			
County Oneida		Co. Permit #		Notification #		Completed 12-18-2001		Subdivision Name CRESENT LAKE SUBDIVISION				Lot #		Block #																	
Well Constructor (Business Name) KLISS PLBG HTG & SEPTIC SERV INC				Lic. # 6341		Facility ID # (Public Wells)				Latitude / Longitude in Decimal Degree (DD) °N °W				Method Code																	
Address 1030 HWY 455 EAGLE RIVER WI 54521				Well Plan Approval #				NE SE		Section 18		Township 36 N		Range 8 E																	
Approval Date (mm-dd-yyyy)				2. Well Type Reconstruction				of previous unique well # constructed in																							
Hicap Permanent Well #		Common Well #		Specific Capacity				Reason for replaced or reconstructed well ? POOR WATER FLOW																							
3. Well serves 1 # of				Hicap Well ? No				Construction Type Driven Point																							
Private, potable				Hicap Property ? No																											
Heat Exchange ____ # of drillholes				Hicap Potable ?																											
4. Potential Contamination Sources - ON REVERSE SIDE																															
5. Drillhole Dimensions and Construction Method																															
<table style="width:100%; border-collapse: collapse;"> <tr> <td style="width: 20%; border: 1px solid black; padding: 5px;">Upper Enlarged Drillhole</td> <td style="width: 20%; border: 1px solid black; padding: 5px;">Lower Open Bedrock</td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Rotary - Mud Circulation</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Rotary - Air</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Rotary - Air & Foam</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Drill-Through Casing Hammer</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Reverse Rotary</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Cable-tool Bit ____ in. dia...</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Dual Rotary</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> <tr> <td style="border: 1px solid black; padding: 5px;">Temp. Outer Casing ____ in. dia</td> <td style="border: 1px solid black; padding: 5px;"></td> </tr> </table>														Upper Enlarged Drillhole	Lower Open Bedrock	Rotary - Mud Circulation		Rotary - Air		Rotary - Air & Foam		Drill-Through Casing Hammer		Reverse Rotary		Cable-tool Bit ____ in. dia...		Dual Rotary		Temp. Outer Casing ____ in. dia	
Upper Enlarged Drillhole	Lower Open Bedrock																														
Rotary - Mud Circulation																															
Rotary - Air																															
Rotary - Air & Foam																															
Drill-Through Casing Hammer																															
Reverse Rotary																															
Cable-tool Bit ____ in. dia...																															
Dual Rotary																															
Temp. Outer Casing ____ in. dia																															
8. Geology																															
Geology Codes				Type, Caving/Noncaving, Color, Hardness, etc...				From (ft.)		To (ft.)																					
- - Y -				SAND & GRAVEL				Surface		46																					
6. Casing, Liner, Screen																															
Removed? ____ depth ft. (If NO explain on back side)																															
Dia. (in.)		Material, Weight, Specification Manufacturer & Method of Assembly				From (ft.)		To (ft.)																							
2.5		WHITE WATER PITLAS				Surface		5																							
2		R&D GALV ASTM 589-F				5		43																							
Dia. (in.)		Screen type, material & slot size				From (ft.)		To (ft.)																							
2		JOHNSON STAINLESS STEEL 60#				43		46																							
7. Grout or Other Sealing Material																															
Method																															
Kind of Sealing Material				From (ft.)		To (ft.)		# Sacks Cement																							
POINT				Surface																											
9. Static Water Level																															
28 ft. below ground surface																															
10. Pump Test																															
Pumping level ____ ft. below surface																															
Pumping at 5 GP M for 1 Hrs.																															
Pumping Method ?																															
11. Well Is																															
18 in. above grade																															
Developed ? Yes																															
Disinfected ? Yes																															
Capped ? Yes																															
12. Notified Owner of need to fill & seal ?																															
Filled & Sealed Well(s) as needed?																															
THERE IS STILL AN OLD WELL ON																															
13. Constructor / Supervisory Driller																															
LK				Lic #				Date Signed																							
02-19-2002																															
Drill Rig Operator				Lic or Reg #				Date Signed																							
LN								12-19-2001																							

4a. Potential Contamination SourcesIs the well located in floodplain ? No

Type	Qualifier	Distance	Type	Qualifier	Distance
POWTS dispersal component (soil absorption unit or mound)		70	Shoreline/Pool	>	300
Building Drain - Sanitary		25	Sewer - Building Sanitary		45
Building Overhang		8	Septic or Holding, or POWTS Tank		40
